

**LIST OF IVD RAW MATERIALS WITH APPLICATION**

| CAT.NO.                         | DESCRIPTION                        | APPLICATION | RAPID | ELISA/CLIA |
|---------------------------------|------------------------------------|-------------|-------|------------|
| <b>COVID 19</b>                 |                                    |             |       |            |
| ABCOV100                        | Anti COVID mAb                     | Coating     | ✓     | ✓          |
| ABCOV101                        | Anti COVID mAb                     | Conjugation | ✓     | ✓          |
| <b>INFECTIOUS DISEASE RANGE</b> |                                    |             |       |            |
| <b>HIV</b>                      |                                    |             |       |            |
| ABHIV100                        | HIV 1 gp41+120 Recombinant Antigen | Coating     | ✓     | ✓          |
| ABHIV101                        | HIV 2 gp36 Recombinant Antigen     | Coating     | ✓     | ✓          |
| ABHIV103                        | HIV 1 gp41+120 Recombinant Antigen | Conjugation | ✓     | ✓          |
| ABHIV104                        | HIV 2 gp36 Recombinant Antigen     | Conjugation | ✓     | ✓          |
| ABHIV105                        | Anti HIV p24 mAb                   | Coating     | ✓     |            |
| ABHIV106                        | Anti HIV p24 mAb                   | Conjugation | ✓     |            |
| ABHIV108                        | HIV 0 Type Recombinant Antigen     | Coating     | ✓     |            |
| ABHIV109                        | HIV 0 Type Recombinant Antigen     | Conjugation | ✓     |            |
| <b>HCV</b>                      |                                    |             |       |            |
| ABHCV100                        | HCV NS3,NS4,NS5 Antigen            | Coating     | ✓     | ✓          |
| ABHCV101                        | HCV NS3,NS4,NS5 Antigen            | Conjugation | ✓     | ✓          |
| <b>HBsAg</b>                    |                                    |             |       |            |
| ABHBV100                        | Anti HBsAg mAb                     | Coating     | ✓     | ✓          |
| ABHBV101                        | Anti HBsAg mAb                     | Conjugation | ✓     | ✓          |
| <b>SYPHILIS</b>                 |                                    |             |       |            |
| ABSYP100                        | SYP 15,17,45 Recombinant Antigen   | Coating     | ✓     | ✓          |
| ABSYP101                        | SYP 15,17,45 Recombinant Antigen   | Conjugation | ✓     | ✓          |
| <b>TROPICAL DISEASE RANGE</b>   |                                    |             |       |            |
| <b>MALARIA</b>                  |                                    |             |       |            |
| ABMAL100                        | Anti Malaria HRP II mAb (M)        | Coating     | ✓     | ✓          |
| ABMAL101                        | Anti Malaria HRP II mAb (G)        | Conjugation | ✓     | ✓          |
| ABMAL102                        | Anti Malaria PLDH Pv mAb           | Coating     | ✓     | ✓          |
| ABMAL103                        | Anti Malaria PLDH Pv mAb           | Conjugation | ✓     |            |
| ABMAL104                        | Anti Malaria PLDH PAN mAb          | Coating     | ✓     |            |
| ABMAL105                        | Anti Malaria PLDH PAN mAb          | Conjugation | ✓     | ✓          |
| ABMAL106                        | Anti Malaria PLDH Pf mAb           | Coating     | ✓     | ✓          |
| ABMAL107                        | Anti Malaria PLDH Pf mAb           | Conjugation | ✓     | ✓          |
| <b>DENGUE</b>                   |                                    |             |       |            |
| ABDEN100                        | Anti Dengue NS1 mAb                | Coating     | ✓     | ✓          |
| ABDEN101                        | Anti Dengue NS1 mAb                | Conjugation | ✓     | ✓          |
| <b>THPHOID</b>                  |                                    |             |       |            |
| ABTYP100                        | Anti Typhoid mAb (G)               | Conjugation | ✓     |            |
| ABTYP101                        | Anti Typhoid mAb (M)               | Coating     | ✓     |            |
| <b>GASTROINTESTINAL</b>         |                                    |             |       |            |
| <b>H. PYLORI</b>                |                                    |             |       |            |
| ABHPAG100                       | H.Pylori Recombinant Antigen       | Coating     | ✓     | ✓          |
| ABHPAG101                       | H.Pylori Recombinant Antigen       | Conjugation | ✓     | ✓          |

## LIST OF IVD RAW MATERIALS WITH APPLICATION

|  |                      |                |              |                   |
|--|----------------------|----------------|--------------|-------------------|
| ABHPAB100                                  | Anti H.Pylori mAb    | Coating        | ✓            | ✓                 |
| ABHPAB101                                  | Anti H.Pylori mAb    | Conjugation    | ✓            | ✓                 |
| <b>IVD RAW MATERIALS</b>                   |                      |                | <b>Rapid</b> | <b>Elisa/CLIA</b> |
| <b>SECONDARY ANTIBODY</b>                  |                      |                |              |                   |
